

ARCHDIOCESE OF GLASGOW

NATIONAL MARRIAGE WEEK QUOTE FOR NATIONAL MARRIAGE WEEK FROM CARDINAL THOMAS J. WINNING

Never in our history has there been more need for support for marriage than today. Happy, lifelong marriages are the building bricks of a caring, compassionate and civilised society.

The Church regards every married couple as VIPs – upon them depend the happiness and well-being of their children and the future of our country.

National Marriage Week is a welcome reminder of how important it is that we should support marriage through fiscal, political, social and spiritual means.
